

## White Smiles for Life CONTRACT

The team at Brenner Dental Group knows how important it is for you to have a healthy and bright smile you're confident showing off. "White Smiles for Life" is an exciting program we offer to both new and existing patients. The program gives you the opportunity to whiten your teeth and keep them white for life!

### **Here's how it works:**

- A professional cleaning, exam, and diagnostic x-rays must be completed prior to enrollment
- White Smiles for Life offers two options to keep your teeth looking bright, white, and healthy:
  - Option #1: Custom Fit Bleaching Trays
  - Option #2: Opalescence Go Disposable Bleaching Trays
- There is a one-time enrollment fee of **\$99** to cover the cost of our materials
- As long as you maintain your regular dental check-ups, you will get a **FREE whitening refill** at each preventative care visit\*\*

### **Already have trays made by our team and want to get started on the program?**

- If you have been seen within the last 3 months for a continuing care appointment, you are eligible to begin the contract
- Purchase a "White Smiles for Life" contract for **\$15**, and begin receiving your **FREE** whitening syringe or Go Trays today!

### **Voided Contracts:**

Please be aware that the following situations will cause your White Smiles for Life contract to expire:

- If your account balance goes unpaid after 90 days
- If you miss 3 or more appointments - meaning you fail to provide our office with an acceptable notice when changing or cancelling an appointment. We require two business days notice for any cancellations or changes to appointments.
- If 30 weeks go by between your preventive care appointments. White Smiles for Life is a program designed for patients who are seen for preventive care every 6 months.
